**Arms of
THE UNIVERSITY OF
NEW SOUTH WALES**

Granted by the College of Heraldry,
London, 3 March 1952

In 1994 the University title was added
to the Arms to create the new University
Symbol shown.

**THE UNIVERSITY OF
NEW SOUTH WALES**

Heraldic Description of the Arms

Argent on a Cross Gules a Lion passant guardant between four Mulletts of eight points Or a Chief Sable charged with an open Book proper thereon the word SCIENTIA in letters also Sable.

The lion and the four stars of the Southern Cross on the Cross of St George have referene to the State of New South Wales which brought the University into being; the open book with SCIENTIA across its page reminds us of its original purpose. Beneath the shield is the motto 'Manu et Mente' ('with hand and mind'), which was the motto of the Sydney Technical College, from which the University has developed. The motto is not an integral part of the Grant of Arms and could be changed at will; but it was the opinion of the University Council that the relationship with the parent institution should in some way be recorded.

Vision

Our vision is to be Australia's leading international research university with a reputation for excellence in scholarship, learning and the student experience.

UNSW

The University of New South Wales occupies 38 hectares in Kensington, an inner south-eastern suburb of Sydney. It also has campuses in Canberra and Paddington as well as a number of research stations and teaching hospitals in other parts of New South Wales.

The University consists of eight faculties: Arts and Social Sciences; the Built Environment; Commerce and Economics; Engineering; Law; Medicine; Science; and the College of Fine Arts. The Australian Graduate School of Management is a joint venture between the University of New South Wales and the University of Sydney. UNSW also provides undergraduate and graduate courses through the University College at the Australian Defence Force Academy.

UNSW offers a wide range of first degrees, higher degrees, graduate diplomas and other programs and possesses substantial research facilities.

The total number of students in 2004 was 40,068 made up of 24,332 Bachelors, 10,377 higher degrees, 4,278 graduate diplomas, graduate certificates and postgraduate qualifying programs and 1,081 in non-award or cross-institutional studies.

The number of staff supporting these students was 6,518 of whom 3,632 were academic staff and 2,886 were general staff.

The University Library contains 2.7 million items. The library website receives more than 11.3 million hits per year and provides access to almost 40,000 electronic journal titles.

Governance

The University is governed by a Council of twenty-one members including Parliamentary and ex-officio members, members elected by staff, students and graduates of the University, and members appointed by the NSW Minister for Education and Training or by Council itself. The principal academic body is the Academic Board which receives advice on academic matters from the faculties and the University College (Australian Defence Force Academy). The faculties are responsible for the teaching and examining of programs within their scope and the Academic Board coordinates and furthers their work.

The principal executive officer of the University is the Vice-Chancellor. The Deputy Vice-Chancellors and Pro-Vice-Chancellor are responsible for the provision of student services, research policy and management, education policy, educational enterprise, international enterprise, development, and resources and infrastructure. The Chief Financial Officer is responsible for strategic business advice and the provision of financial services. The Chief Information Officer is responsible for developing and implementing strategies for maintaining and enhancing infrastructure systems and telecommunications to support information management. There are eight full-time Deans as well as the Rector of the University College and the Dean and Director of the Australian Graduate School of Management, a joint venture with the University of Sydney. The Deans have considerable delegated authority in relation to their areas.

General Information

University Organisation

The University's academic organisation includes eight faculties based in Sydney, NSW, and the University College at the Australian Defence Force Academy in Canberra, ACT. The Australian Graduate School of Management is a joint venture with the University of Sydney. The faculties are groupings of schools, according to academic disciplines, through which the academic staff conduct teaching at undergraduate, postgraduate and higher degree level, and pursue research and scholarly investigations.

Faculty Boards are established under the University Rules. They are responsible for supervising teaching, conducting examinations and encouraging scholarship and research in relevant areas of study. Each Faculty Board comprises professors, associate professors, senior lecturers, and associate lecturers in the relevant departments, ex officio members, elected students, and other persons whom Council appoint as members. Faculty Boards and their committees meet several times each year on scheduled dates.

Each Faculty has a Dean who is appointed by Council to direct the activities of the faculty. The Dean is responsible to the Vice-Chancellor for administrative, financial and academic affairs.

The University also provides teaching and research activities at its teaching hospitals; field stations; the Manly Vale Water Research Laboratory; the Randwick Campus, where some of the schools have facilities and the Institute of Languages is located; and the Cliffbrook campus, where Atax is located.

Detailed information on each faculty and school and the programs offered at UNSW is available in the Undergraduate and Postgraduate Handbooks and in the Online Handbook (www.handbook.unsw.edu.au).

Australian Graduate School of Management

The Australian Graduate School of Management (AGSM) is regularly rated as Australia's pre-eminent graduate management school, internationally renowned for its research-based and highly relevant management education. In 1998, the University of New South Wales and the University of Sydney formed a joint venture to merge the AGSM at UNSW with the Graduate School of Business at the University of Sydney to form a new Australian Graduate School of Management. From 1999, the AGSM became a School of both universities. Its students become graduates of both universities.

The AGSM offers a full-time Master of Business Administration (MBA). The full-time MBA program is undertaken over 15 or 18 months. In addition to the courses offered at the UNSW campus, the full-time MBA offers a student exchange program with leading international business schools and management projects for students to work with external organisations. The part-time Executive MBA program is offered nationally and may be completed in a minimum of three years. The first two stages are a modular sequence of courses by distributed learning with weekly classes synchronised in major mainland Australian cities. The first stage leads to a Graduate Certificate in Management and the second to a Graduate Diploma in Management. Students may then elect to take the third stage as an Executive Year, focusing on strategy and general management, leading to the award of MBA (Executive). Sydney-based students are also able to complete the third stage in a traditional part-time format. This option allows students to tailor their studies by choosing a sub-set of electives from the full-time program and leads to the award of MBA.

The AGSM admits students to a PhD program. This research doctorate is designed for those who seek to develop their research skills and establish a deep understanding in one of the key disciplines of management.

The AGSM provides executive and corporate training through AGSM Executive Education. Internationally renowned experts teach a range of subjects in courses that range from one day's duration to a three week residential executive program. Areas covered include leadership,

communications, marketing, finance, brands and e-commerce. Corporate education provides courses for individual clients.

The AGSM operates from sites at the UNSW campus in Kensington and at its campus based in the Sydney CBD. The AGSM also offers its MBA in Hong Kong on a part-time basis.

Institutes

Garvan Institute of Medical Research

In 1963, the establishment of the Garvan Institute of Medical Research fulfilled a long held desire of St Vincent's Hospital to contribute to the international body of scientific knowledge in addition to its role as a provider of medical care. Incorporated as an autonomous Institute under its own Act of Parliament in 1984, the Garvan is NSW's premier research institute. It is the only Institute in NSW to receive 'Centre of Excellence' status with block funding from the National Health and Medical Research Council and is formally affiliated with St Vincent's Hospital and UNSW.

The Garvan Institute of Medical Research seeks to relieve human pain and suffering through intensive research into the molecular basis of health and disease. The Garvan integrates its basic and clinical resources to target five main areas:

- cancer;
- diabetes, obesity and cardiovascular disorders;
- neurobiology;
- osteoporosis;
- arthritis and Inflammation;
- pituitary disease.

These are all complex diseases with enormous social and financial costs for Australia and which depend on the application of a wide variety of sophisticated medical research techniques.

The Garvan is internationally recognised for its research achievements. Significant findings over the last few years have included:

- the exciting discovery of neurotransmitter receptors which may provide keys to unlock the secrets of how the brain controls appetite, anxiety, bone synthesis and hormone levels;
- development of an understanding of the relationship between the levels of different growth factor and hormone receptors in breast cancer;
- identification of new genetic markers that predict disease outcome in prostate, ovarian and pancreatic cancer;

- the finding that certain types of fat are closely related to the effectiveness of insulin - this discovery not only has significance for diabetes sufferers but also for those afflicted with functional metabolic problems related to obesity, high blood pressure and heart disease;
- the identification of a gene responsible for determining bone density, and hence the risk of developing osteoporosis;
- mapping of a gene responsible for susceptibility to manic depressive illness.

With over 300 staff, including 45 PhD students and over 60 highly specialised post-doctoral researchers, the Garvan believes that medical research is a vital part of the Australian health care system where it can be integrated with both educational and full community service programs.

University Archives

The University Archives were established in 1980. The role of the Archives is to ensure the acquisition and preservation of records of archival value

to the University and to make such records accessible to the University itself and to the community at large, including researchers.

The Archives' collection includes the University's corporate records which document its activities. It also includes the records of individuals and organisations that have made a significant contribution to the development and life of the University and its community. Continuous development of the Archives' collection occurs through the transfer of UNSW's corporate records and the acquisition of other records of archival value to UNSW, including corporate, professional or personal records. The Archives welcomes enquiries from prospective donors.

Photographs, films and audio recordings of oral history interviews with various members of the UNSW academic, student and administrative community are also included in the collection; this oral history component of the Archives' collection is continually developed through the Oral History Program. The acquisition of machine readable records such as film, audio and electronic records creates a particular challenge for the Archives to ensure the preservation and accessibility of these records over time in view of rapid technological change.

The Archives is a key player in the University's Records Management Program; in particular it provides advice to the University community on the disposal of University records. The University Archives also manages the repository for those corporate records that are State Archives. The current focus of the Archives' activities is on compliance with regulatory requirements, enhancing collection controls, ensuring the active development of the collection and exploiting opportunities to make the collection digitally accessible.

Use of the University's rich Archives collection is encouraged. Researchers wishing to use the Archives' collection are welcome to use our Reading Room located on Level 1 of the Library Building. For all enquiries about the Archives please telephone (02) 9385 2906, fax (02) 9385 1228, email archives@unsw.edu.au or refer to the website at <http://info.library.unsw.edu.au/archives/about/archives.html>

UNSW Research Centres

The University has established a range of centres to undertake research activities, including research training, in areas that cross the disciplines of the schools and faculties. Most centres focus on themes where research excellence has been developed and are supported by substantial and continuing funding independent of the University's operating grant.

The majority of centres bring together cognate groups of academics across schools and faculties to enhance their research by collaboration and interaction between each other and with experts outside UNSW and worldwide.

A listing of research centres currently established at UNSW can be found in the 'Centres, Institutes and Associate Organisations' section earlier in the Calendar. For further information on research centres please contact the relevant centre director.

Visiting Committees

Visiting Committees provide one important avenue through which the needs of external key groups can be taken into account in shaping the development of the University. The role of these committees is to review program developments and appraise particular educational programs in relation to the needs of industry and professional practice; to receive and discuss the annual report of the Head of School; report to Council on any special problems and opportunities facing the School; and aid the development of the School in any other way possible. Membership consists of an appropriate mix of practitioners and community representatives, together with the professorial staff of schools and representatives from the Alumni Association.

For further information on the role or memberships of Visiting Committees, contact the Office of the Pro-Vice-Chancellor (Education & Quality Improvement).

CONTACT

They can provide information that covers academic, financial, recreational, social and personal issues. The volunteers can direct students and visitors to resources or locations, or refer them to organisations on campus or elsewhere for further information or advice. CONTACT also has a supply of information brochures, and health promotion items such as condoms, lubricants, dams, tampons and first aid items for student use.

Volunteers at the CONTACT desk are all students who have encountered the same issues, queries, and problems themselves, and are trained to provide accurate and immediate information in a friendly, informal manner.

CONTACT operates from an office on the second floor of the East Wing of the Quadrangle Building on weekdays from 10am - 4pm (depending on volunteer availability). Telephone (02) 9385 5880 (answering machine after hours), email contact@unsw.edu.au, website: www.contact.unsw.edu.au.

International Exchange Program

UNSW actively encourages all students to undertake part of their study overseas through formal reciprocal exchange agreements with over 160 top universities in 34 countries. In 2004, more than 370 students studied overseas and the University is committed to the active expansion of its international exchange program.

Under the program, students can spend one or two semesters at a university in Asia, Europe, USA, India, Canada, or Latin America. Studies completed at the overseas university are credited towards the student's UNSW degree. This means that no extra time is required to complete the degree.

Local and international undergraduate and postgraduate students with a satisfactory academic record may apply to participate in the exchange program after one semester of study at UNSW. During their period of exchange, students remain enrolled at UNSW and pay normal activity fees and HECS, local or international fees. The overseas university waives tuition fees for exchange students, but students are responsible for their own travel, accommodation and living expenses.

To assist students to gain overseas experience, the University has numerous International Exchange Scholarships available, valued at \$1,800 each; 70 were made available in 2004. In addition, students with demonstrated financial need may apply for an exchange Bursary of up to \$5,000 to assist them during their exchange. Additional scholarships to assist students on exchange are provided by the UNSW Foundation. Students who receive Youth Allowance or another scholarship may usually continue to receive these benefits while on exchange.

The International Exchange Program is part of UNSW International and is located on Level 2, East Wing The Red Centre H16, Engineering Road. Telephone (02) 9385 6449, fax (02) 9385 5927, email intex@unsw.edu.au, website www.international.unsw.edu.au.

International Student Services

International Student Services (ISS) helps international students adjust to living and studying in Australia and promotes understanding between people from different cultures through a wide range of social and cultural activities.

Students can have a personal and confidential discussion with an advisor on any matter of concern, including decisions students have to make (study, finances, personal), assistance with practical difficulties (housing, health, finance, bureaucracy), personal relationships or issues affecting the student's dependants in Australia. Where necessary advisors can act as advocates for students on administrative and academic matters or mediate with the University and government departments.

Specialised programs offered by ISS include: pre-departure information; airport reception and arrangement of temporary accommodation; personal assistance in arranging long-term accommodation; comprehensive orientation program and handbook for new students; academic preparation program for postgraduates; workshops focusing on specific issues related to study or personal matters; academic progress review; returning home seminars and valedictory function for graduands.

Throughout the year various social and cultural activities are organised to help visiting students mix with Australians, learn about other cultures and gain more out of their time in Australia. These activities include social sports meets, sight-seeing trips, visits to rural areas hosted by local service clubs, talks by students in nearby schools and volunteering opportunities in the community.

Support for dependants of international students is also provided by ISS. Special orientation briefing and information are provided on school education, English classes for dependants and community support services.

An e-bulletin is updated monthly on the ISS web page and an electronic mailing list is set up to facilitate communication amongst international students and to keep them informed of relevant developments and activities of interest. An online trading facility for students to buy/sell/exchange furniture and books is also accessible on the ISS web page.

In particular, ISS is committed to fostering the activities of international student groups and organisations on campus so that they can assist one another. ISS periodically hosts meetings of the Assembly of International Student Associations to discuss ways of promoting the welfare of students. In cooperation with AISA, ISS sponsors orientation activities, social sports meetings and an international cultural festival and food fair.

Advisors are available Monday to Friday from 9.00am - 5.00pm throughout the year. During February and July, the office is open from 8.00am - 5.00pm weekdays and from 9.00am - 12 noon Saturday mornings to receive new students. International Student Services is part of UNSW International and is located on the first floor, East Wing of the Red Centre, H16, Engineering Road. Telephone (02) 9385 5333, fax (02) 9385 6369, email international.student@unsw.edu.au, website www.international.unsw.edu.au.

The University Religious Centre has been established to serve the religious needs of the University community, through the chaplains and specified student religious organisations. The Centre is located on the 3rd floor of the Squarehouse Building.

A chaplaincy service is available through the Centre for the benefit of students and staff. This service offers worship, fellowship, personal counselling and guidance, together with formation in leadership, biblical and doctrinal studies. The chaplains maintain close liaison with student religious societies.

The following faith traditions are represented: Anglican, Baha'i, Buddhist, Catholic, Greek Orthodox, Islamic, Jewish, Mormon, Pentecostal, Salvation Army and Uniting.

Sports Association

The Sports Association is a student organisation within the University comprising 40 constituent sporting clubs. These clubs provide sporting and recreational opportunities for both men and women in a wide variety of sports. These range from traditional sports such as soccer and netball to the more recreation oriented clubs such as scuba-diving and bush-walking. Many clubs are involved in weekly competition and each club provides for all levels of participation, with coaching for the novice or beginner in most sports. Clubs also organise accompanying social activities for their members to broaden the range of people they meet.

The Sports Association offers a range of recreation courses that aim to encourage participants to try something new. They are open to students, staff and the public and include courses such as horse-riding, belly dancing, golf and yoga. Also available are social sports (usually played around lunchtime) for staff and students, including team sports such as soccer, touch football, basketball and netball.

Membership is compulsory for all registered students. Membership is also open to all members of staff, graduates of the University and members of the public on payment of the fee which is prescribed in the By-Laws of the Association. All members are encouraged to participate in the activities arranged by the Association and to make use of the University's sporting and recreational facilities.

The Association covers much of an individual's expenses for participating in sport, including capital equipment (e.g. ski boats, scuba gear and sailboards) and compulsory fees. This gives students the opportunity to participate in a diversity of sports at a reasonable cost.

The Sports Association is affiliated with Australian Universities Sports Incorporated (AUS) which is the controlling body for sport in all Australian universities. University Sports teams compete in Australian University Championships which are sporting competitions between universities from across Australia with competitors being provided with subsidised travel. UNSW has an excellent record of competition at the Championships and is respected for the competitiveness of its teams and willingness to take a leadership role in the development of University sport.

The Association also seeks to offer elite athletes the opportunity to participate at the highest level in their sport, through initiatives such as the Ben Lexcen Scholarships, which increase playing standards and attract good players to University Sporting Clubs. The scholarships facilitate the continuance of an academic and sporting career while assisting the personal development of students who have achieved sporting excellence.

The Sports Association, administered by a General Committee, includes delegates from each of the constituent clubs. Its office bearers are elected annually.

The Sports Association Office is located in the Sam Cracknell Pavilion (H8, lower campus), telephone (02) 9385 4880, email sport@unsw.edu.au, website www.sport.unsw.edu.au.

Equity & Diversity Policy Statement

The University of New South Wales is committed to the goals of equal opportunity and affirmative action in education and employment. It aims to provide a study and work environment for staff and students that fosters fairness, equity, and respect for social and cultural diversity, and that is free from unlawful discrimination, harassment and vilification as determined by legislation and by University Council.

In fulfilling this commitment, the University will:

- foster a University culture which values and responds to the rich diversity of its staff and students;

- provide equal opportunity by removing barriers to participation and progression in employment and education so that all staff and students have the opportunity to fully contribute to University life;
- offer programs which aim to overcome past disadvantage for members of staff and student equity groups;
- promote clear and accountable educational and management policies and practices to engender trust between managers, staff and students;
- enhance the quality of students' learning through the provision of culturally, socially and gender inclusive education in areas such as curricula, teaching methods, assessment and review provisions, written and audiovisual material and support services; and
- ensure that its staff and students are aware of their rights and their responsibilities as University members.

To achieve these goals, the University depends on the continued co-operation of all members of the University community.

The Vice-Chancellor as Chief Executive Officer and Director of Affirmative Action is responsible for compliance with all relevant legislation. He is assisted by the Executive and the Director, Equity and Diversity.

- association with a person identified by reference to any of the attributes listed above.

It is also unlawful to terminate employment on any of the grounds listed above, and also on the grounds of temporary absence from work because of injury or illness, membership or non-membership of a union, participation in union activities, and absence from work during maternity or other parental leave.

- medical record;
- national extraction or social origin; and
- trade union activity.

However, discrimination on these grounds is not made unlawful by the Act, and the grounds do not apply where the discrimination is necessary because of the inherent requirements of a particular job. The only avenue of redress for a complaint under this Act is conciliation.

Equal Opportunity in Education Policy Statement

Under the *Federal Racial Discrimination Act 1975*, *Sex Discrimination Act 1984*, and *Disability Discrimination Act 1992* and the *NSW Anti-Discrimination Act 1977*, the University is required not to discriminate against students or prospective students on the grounds of age, disability, homosexuality (male or female), marital status, pregnancy, race (including colour, nationality, descent, ethnic, ethno-religious or national origin, and immigration), religious or political affiliation, views or beliefs, sex, and transgender or transsexuality. Under *The University of New South Wales Act 1989*, the University declares that it will not discriminate on the grounds of religious or political affiliations, views or beliefs.

University Commitment to Equal Opportunity in Education

As well as recognising its statutory obligations as listed, the University will eliminate discrimination on any other grounds which it deems to constitute disadvantage. The University is committed to providing a place to study free from harassment and discrimination, and one in which every student is encouraged to work towards her/his maximum potential. The University further commits itself to course design, curriculum content, classroom environment, assessment procedures and other aspects of campus life which will provide equality of educational opportunity to all students.

Special Admissions Schemes

The University will encourage the enrolment of students who belong to disadvantaged groups through programs such as the University Preparation Program and the ACCESS Scheme. Where members of disadvantaged groups are particularly under-represented in certain disciplines, the responsible faculties will actively encourage their enrolment.

Support of Disadvantaged Students

The University will provide support to assist the successful completion of studies by disadvantaged group members through such means as the Aboriginal Education Program and the Learning Centre. It will work

towards the provision of other resources, such as access for students with impaired mobility, assistance to students with other disabilities, the provision of a parents' room on the upper campus, and increased assistance with English language and communication.

Course Content, Curriculum Design, Teaching and Assessment, and Printed Material

Schools and faculties will monitor course content (including titles), teaching methods, assessment procedures, written material (including study guides and Handbook and Calendar entries) and audiovisual material to ensure that they are not discriminatory or offensive and that they encourage and facilitate full participation in education by disadvantaged people.

Equal Opportunity Advisor Scheme

The University will continue its Equal Opportunity Advisor Scheme for students who feel that they have been harassed or who consider they have been disadvantaged in their education by practices and procedures within the University.

Harassment Policy

The University is committed to ensuring freedom from harassment for all people working or studying within the institution. It will continue to take action, including disciplinary action, to ensure that freedom from harassment is achieved.

Special Government Policies

The NSW Health Department and the NSW Department of Education and Training have special requirements and policies of which students of health-related and education programs should be aware. The requirements relate to:

- clinical/internship placements which must be undertaken as part of your program *and*
- procedures for employment after you have completed the program

Health-related programs

Criminal record checks

The NSW Health Department has a policy that all students undertaking clinical placements or who require access in any capacity to facilities operated by the Department must undergo a criminal record check prior to employment or placement in any capacity in the NSW Health System. This check will be conducted by the NSW Police Service and will be coordinated by the Department of Health.

Infectious diseases

Students required to complete clinical training in the NSW hospital system will be subject to various guidelines and procedures laid down for health workers by the NSW Department of Health relating to vaccination and infection control. An information sheet is available from your program officer and further details can be obtained from your program authority.

Education programs

Criminal record checks

It is a requirement that a check of police records be conducted for all teacher education students applying for an unsupervised internship placement in a NSW Government school. Contact your program coordinator for further details.

Working with children

Under the *Commission for Children and Young People Act 1998* and the *Child Protection (Prohibited Employment) Act 1998*, students, who as part of their enrolment are required to work with children, must declare whether they are a 'prohibited person', that is they have been convicted of a serious sex offence. It is an offence for a 'prohibited person' to work with children.

Identification of Courses and Course Fees 2005

The fees listed are applicable to students who commenced study from Summer Session 2005 onwards.

A course is defined by the Academic Board as 'a unit of instruction approved by the University as being a discrete part of the requirements for a program offered by the University'.

Each approved course of the University is identified by a sequence of eight characters, consisting of a four character alphabetical prefix which identifies the subject area, and a four digit numeric suffix which identifies the course. Each course has a unit of credit value defined.

Course identifiers are approved by the Registrar and the system of allocation is based on the following guidelines:

1. A four character alphabetical prefix is used to indicate the subject areas. This usually correlates with the authority offering the course (normally a School of the University), but in some cases identifies subject specialisations or cross-disciplinary subject areas.
2. Each course identifier is unique and is not used for more than one course title.

Courses taught are listed in full in the Undergraduate and Postgraduate Handbooks and in the Online Handbook. The subject areas and organisational units for each alphabetical prefix are also described in the Handbooks and the specialisation pages in the Online Handbook.

Course Prefixes and Associated Fees Per Unit of Credit

A standard semester academic load is 24 units of credit. (48 UOC per annum)

Fees for courses are charged by unit of credit according to the classification of the course (that is undergraduate, postgraduate, research) and then the classification of the student.

To calculate the charge for a course - refer to the course prefix, appropriate course classification and student classification to determine the fee per unit of credit.

Non Award courses will also be charged according to the classification of the course as above.

For Example: An International student is enrolling in a Faculty of Commerce and Economics course, ACCT3563, which has a value of 6 units of credit and the course is classified as undergraduate.

The fee for this course will be $6 \times \$390 = \2340.00

General Education Program

UNSW requires that undergraduate students undertake a structured program in General Education as an integral part of studies for their degree. The University believes that a general education complements the more specialised learning undertaken in a student's chosen field of study and contributes to the flexibility which graduates are increasingly required to demonstrate. Employers repeatedly point to the complex nature of the modern work environment and advise that they highly value graduates with the skills provided by a broad general education, as well as the specialised knowledge provided in more narrowly defined degree programs. As well, over many years graduates of this University have reported that they greatly valued their General Education studies, which are found to be relevant to both career and personal development.

The General Education Program at UNSW intends to broaden and deepen students' understanding of the environment in which they live and work and to enhance their skills of critical analysis. Above all, the program presents students with interesting, challenging and enjoyable opportunities to pursue their own intellectual curiosity.

Objectives

Objectives of the General Education Program

The following objectives were approved by the Council of the University in December 1994.

1. To provide a learning environment in which students acquire, develop, and deploy skills of rational thought and critical analysis.
2. To enable students to evaluate arguments and information.
3. To empower students to systematically challenge received traditions of knowledge, beliefs and values.
4. To enable students to acquire skills and competencies, including appropriate written and spoken communication skills.
5. To ensure that students examine the purposes and consequences of their education and experience at University, and to foster acceptance of professional and ethical action and the social responsibility of graduates.
6. To foster among students the competence and the confidence to contribute creatively and responsibly to the development of their society.
7. To provide structured opportunities for students from disparate disciplines to interact cooperatively within a learning situation.
8. To provide opportunities for students to explore discipline and paradigm bases other than those of their professional or major disciplinary specialisation through non-specialist courses offered in those other areas.
9. To provide an environment in which students are able to experience the benefits of moving beyond the knowledge boundaries of a single discipline and explore cross and interdisciplinary connections, and cross-cultural contexts.
10. To provide a learning environment and teaching methodology in which students can bring the approaches of a number of disciplines to bear on a complex problem or issue.

General Education Requirements

The University's basic requirements are the same for students in all single degree programs. Students must:

- (a) satisfactorily complete a minimum of 12 units of credit in General Education courses or their equivalent (unless otherwise entitled to exemption). Combined undergraduate degrees offered with another faculty and leading to the award of two degrees satisfy the first requirement (12 units of credit in General Education) within the program.
- (b) undertake additionally 56 hours of study which examines the purposes and consequences of their university education and which fosters socially, ethically and professionally responsible behaviour. The extent to which individual programs meet this requirement varies from program to program. In the Faculty of Arts and Social Sciences, for example, this requirement is satisfied in the BA degree through an ARTS3000 course.

In some other degrees of the Faculty of Arts, it is distributed throughout the program. Most programs in the Faculty of the Built Environment fulfil the latter requirement as part of the normal program curriculum. However, in the case of both the BBCM and BSc(Arch) programs, students are required to take BENV1382, Social Responsibility and Professional Ethics.

Because the objectives of General Education require students to explore discipline and paradigm bases other than those of their professional or major disciplinary specialisation, all students are excluded from counting courses toward the fulfilment of the General Education requirement, which are similar in content or approach to subjects required in their degree program.

Each faculty has responsibility for deciding what courses are not able to be counted towards the General Education requirement for their students. This may mean that courses offered by the faculty in which a student is enrolled, or courses which are a required part of a degree program even though offered by another Faculty, are not able to be counted toward the General Education requirement.

The Undergraduate Handbook, Online Handbook, faculty brochures and booklets provide information about what courses may and may not be taken to fulfil the General Education requirements for each degree program offered by that faculty.

Procedures

The University, in common with other large organisations, has established rules and procedures which are designed for the benefit of all members of the University. In some cases, there are penalties (e.g. fines or exclusion from examinations) for non-compliance.

Students should refer to the front section of the 2005 Undergraduate and Postgraduate Handbooks where University policies and procedures are listed in detail.

Outright and Deferred Gifts and Bequests for Beneficial and Endowment Purposes

Since its foundation in 1949 the University of New South Wales has contributed to the prosperity and development of industry and commerce in Australia through its teaching, research and community outreach. While it receives a measure of support from governments, the University relies to a considerable extent on funds from a diverse range of other sources in order to continue its vital role of high-level teaching, scholarship and research on which so much of society's development and ongoing success depends.

In 1988, the University established the University of New South Wales Foundation Limited as the principal vehicle for its fundraising activities. The UNSW Foundation gives particular emphasis to growing its endowment, while the capital base generates funds for use in perpetuity. An endowed gift today will still deliver benefits into the next century, whether by supporting scholarships, enabling research or rewarding other aspects of the University's aspiration and mission.

The Endowment Fund has grown from \$3m in the mid 1990's to \$29m in 2003. The Foundation annual distributes over \$3 million in earnings from the endowment and from current use gifts for the specific purposes intended by its donors. Over the same period, resources have also been generated for immediate and specific projects (the Beneficial Fund). These have totalled some \$22m since 1996. The UNSW Foundation ensures that the highest standards of financial probity and accountability are applied to its activities.

Individuals and private foundations, corporations and organizations that wish to foster the University's advancement through philanthropic support are encouraged to contribute to the Foundation, which can be contacted through the Deputy Vice-Chancellor (International and Development). Visit the website at www.dvcie.unsw.edu.au or telephone 61 2 9385 3277.

The UNSW Foundation is a registered Charity (Charity No 12473) and gifts to the Foundation are tax deductible.

Doctor of Philosophy (PhD)

1. The degree of Doctor of Philosophy may be awarded by the Council on the recommendation of the Faculty Research Committee or Higher Degree Committee of the appropriate faculty or board (hereinafter referred to as the Committee) to a candidate who has made an original and significant contribution to knowledge.

Qualifications

2. (1) A candidate for the degree shall have been awarded an appropriate degree of Bachelor with Honours from the University of New South Wales or a qualification considered equivalent from another university or tertiary institution at a level acceptable to the Committee.
- (2) In exceptional cases an applicant who submits evidence of such other academic and professional qualifications as may be approved by the Committee may be permitted to enrol for the degree.
- (3) If the Committee is not satisfied with the qualifications submitted by an applicant the Committee may require the applicant to undergo such assessment or carry out such work as the Committee may prescribe, before permitting enrolment as a candidate for the degree.

Enrolment

3. (1) An application to enrol as a candidate for the degree shall be lodged with the Registrar at least one month prior to the date at which enrolment is to begin.
- (2) In every case before making the offer of a place the Committee shall be satisfied that initial agreement has been reached between the School¹ and the applicant on the topic area, supervision arrangements, provision of adequate facilities and any coursework to be prescribed and that these are in accordance with the provisions of the guidelines for promoting postgraduate study within the University.
- (3) The candidate shall be enrolled either as a full-time or a part-time student.
- (4) A full-time candidate will present the thesis for examination no earlier than three years and no later than five years from the date of enrolment and a part-time candidate will present the thesis for examination no earlier than four years and no later than six years from the date of enrolment, except with the approval of the Committee.
- (5) The candidate may undertake the research as an internal student i.e. at a campus, teaching hospital, or other research facility with which the University is associated, or as an external student not in attendance at the University except for periods as may be prescribed by the Committee.
- (6) An internal candidate will normally carry out the research on a campus or at a teaching or research facility of the University except that the Committee may permit a candidate to spend a period in the field, within another institution or elsewhere away from the University provided that the work can be supervised in a manner satisfactory to the Committee. In such instances the Committee shall be satisfied that the location and period of time away from the University are necessary to the research program.
- (7) The research shall be supervised by a supervisor and where possible a co-supervisor who are members of the academic staff of the School or under other appropriate supervision arrangements approved by the Committee. Normally an external candidate within another organisation or institution will have a co-supervisor at that institution.

Progression

4. The progress of the candidate shall be considered by the Committee following report from the School in accordance with the procedures established within the School and previously noted by the Committee.
 - (i) The research proposal will be reviewed as soon as feasible after enrolment. For a full-time student this will normally be during the first year of study, or immediately following a period of prescribed coursework. This review will focus on the viability of the research proposal.
 - (ii) Progress in the course will be reviewed within twelve months of the first review. As a result of either review the Committee may cancel enrolment or take such other action as it considers appropriate. Thereafter, the progress of the candidate will be reviewed annually.

Thesis

5. (1) On completing the program of study a candidate shall submit a thesis embodying the results of the investigation.
- (2) The candidate shall give in writing to the Registrar two months notice of intention to submit the thesis.
- (3) The thesis shall comply with the following requirements:
- (a) it must be an original and significant contribution to knowledge of the subject;
 - (b) the greater proportion of the work described must have been completed subsequent to enrolment for the degree;
 - (c) it must be written in English except that a candidate in the Faculty of Arts and Social Sciences may be required by the Committee to write a thesis in an appropriate foreign language;
 - (d) it must reach a satisfactory standard of expression and presentation;
 - (e) it must consist of an account of the candidate's own research but in special cases work done conjointly with other persons may be accepted provided the Committee is satisfied about the extent of the candidate's part in the joint research.
- (4) The candidate may not submit as the main content of the thesis any work or material which has previously been submitted for a university degree or other similar award but may submit any work previously published whether or not such work is related to the thesis.
- (5) Four copies of the thesis shall be presented in a form which complies with the requirements of the University for the preparation and submission of theses for higher degrees.
- (6) It shall be understood that the University retains the four copies of the thesis submitted for examination and is free to allow the thesis to be consulted or borrowed. Subject to the provisions of the Copyright Act, 1968, the University may issue the thesis in whole or in part, in photostat or microfilm or other copying medium.

Examination

6. (1) There shall be not fewer than three examiners of the thesis, appointed by the Committee, at least two of whom shall be external to the University.
- (2) At the conclusion of the examination each examiner shall submit to the Committee a concise report on the thesis and shall recommend to the Committee that one of the following:
- (a) The thesis merits the award of the degree.
 - (b) The thesis merits the award of the degree subject to minor corrections as listed being made to the satisfaction of the head of school.
 - (c) The thesis requires further work on matters detailed in my report. Should performance in this further work be to the satisfaction of the higher degree Committee, the thesis would merit the award of the degree.
 - (d) The thesis does not merit the award of the degree in its present form and further work as described in my report is required. The revised thesis should be subject to re-examination.
 - (e) The thesis does not merit the award of the degree and does not demonstrate that resubmission would be likely to achieve that merit.
- (3) If the performance in the further work recommended under (2)(c) above is not to the satisfaction of the Committee, the Committee may permit the candidate to submit the thesis for re-examination as determined by the Committee within a period determined by it but not exceeding eighteen months.
- (4) After consideration of the examiners' reports and the results of any further examination of the thesis, the Committee may require the candidate to submit to written or oral examination before recommending whether or not the candidate be awarded the degree. If it is decided that the candidate be not awarded the degree, the Committee shall determine whether or not the candidate be permitted to resubmit the thesis after a further period of study and/or research.

Fees

7. A candidate shall pay such fees as may be determined from time to time by the Council.
- 5 'School' is used here and elsewhere in these conditions to mean any teaching unit authorised to enrol research students and includes a department where that department is not within a school, a centre given approval by the Academic Board to enrol students, and an interdisciplinary unit within a faculty and under the control of the Dean of the Faculty. Enrolment is permitted in more than one such teaching unit.

Preparation and Submission of Master by Research and Doctoral Theses for Examination

Candidates are required to give two months notice, in writing, of the expected date on which the thesis will be submitted.

1. Every candidate for the degree of Master by research* is required to submit 2 paper copies of the thesis for examination. Every candidate for the degree of Doctor is required to submit 3 paper copies of the thesis for examination. These may be submitted in temporary binding such that the thesis can be forwarded to examiners without the possibility of disarrangement. This temporary binding shall preferably be a spiral-bound format. Theses stapled or presented in ring-binder folders will not be accepted. At the completion of the examination and prior to graduation, every candidate who has satisfied requirements for the award of the degree will submit a final bound paper copy and a digital copy for deposit and preservation in the University Library [see 13]. School procedures may also require students to submit a final bound copy to their supervisor and/or Head of School.

Note: Policy with Respect to the Use of Higher Degree Theses

The University holds that the deposit copies of a thesis submitted for a higher degree and retained in the Library should be retained not only for record purposes but also, within copyright privileges of the author, should be public property and accessible for consultation at the discretion of the University Librarian. As digital theses are freely available to the public, candidates must obtain permission for use of copyright material and signoff accordingly. Otherwise such material will need to be restricted. The University also recognises that there may be other exceptional circumstances requiring restrictions on copying or conditions of use of paper copies, and restrictions or partial restrictions of digital copies. Another option is that digital theses may be restricted to the UNSW campus domain. It is expected that restricted digital theses will still be submitted with metadata, such as the abstract, being publicly available. There may be exceptional circumstances when even the metadata will not be made available.

Requests for restriction of access to a thesis for a period of up to two years must be made in writing to the Registrar, prior to deposit of the final copies in the Library. Requests for a longer period of restriction may be considered in exceptional circumstances if accompanied by a letter of support from the supervisor or Head of School.

(2) A nomination paper must be signed by 2 persons entitled to vote at the election for which the candidate is nominated and must be endorsed with or accompanied by the written consent of the person nominated.

(3) There must be a separate nomination paper for each candidate.

(4) A candidate may provide with the nomination paper a statement of not more than 150 words containing information relating to the candidate that he or she wishes to supply. That information may include, for example, such of the following as are applicable to the candidate:

(6) The edited statements, and a copy of any photograph supplied, are to be printed and distributed with the ballot papers.

(7) The Returning Officer is to reject a nomination paper if satisfied that:

- (a) the nomination is not duly made, or

Notification of candidature and qualified voters

20. (1) The Returning Officer is, as soon as practicable after the close of nominations for an election, to cause a list of the names of the persons whose nominations have been accepted (together with the names of their nominators) to be posted on the official noticeboards on the premises of the University and in such other places as the Council may determine.

(2) The Returning Officer is to make a list of the names on the relevant Roll of the University, as at the close of nominations, available for inspection at the University during the period from the close of nominations to the close of ballot.

Dealing with nominations

21. (1) If no more than 4 nominations of persons for election to the Council as:

- (a) an academic staff member, or
- (b) a graduate member,

are accepted in either of those categories, the Returning Officer is to declare the person or persons nominated to be elected. If more than 4 nominations are accepted in either category, there must be a ballot in the category concerned.

(2) If no more than one nomination of persons for election to the Council as:

- (a) the non-academic staff member, or
- (b) the undergraduate student member, or

Division 4 – Conduct of ballot**Form of ballot**

22. A ballot for a Council election must be a secret ballot using the optional preferential system.

Distribution of ballot papers

23. (1) If there is to be an election for members of the Council, the Returning Officer is to post a ballot paper to each person whose name is on the relevant Roll of the University, addressed to the person at his or her last known address.

(2) The ballot papers are to be posted at least:

- (a) in the case of an election of graduates – 21 clear days, and
- (b) in all other cases – 14 clear days,

before the day appointed for the election.

(3) Following receipt of a written application, the Returning Officer may, on being satisfied that a ballot paper has been lost or destroyed, supply a duplicate ballot paper to the person to whom the lost or destroyed ballot paper was posted.

(4) The fact that a person whose name is on the relevant Roll of the University did not receive a ballot paper does not invalidate an election.

(5) In this clause, a reference to a person's name being on a relevant Roll of the University is a reference to the person's name being on that Roll at the time specified in the notice referred to in clause 18 for the close of nominations for the relevant election.

Material to accompany ballot papers

24. (1) Each ballot paper is to be accompanied by:

- (a) a notice setting out how the ballot paper is to be completed and specifying the date and time of the close of ballot, and
- (b) 2 envelopes, one marked "Ballot Paper" and the other addressed to the Returning Officer.

(2) There must be printed on the envelope addressed to the Returning Officer a form of declaration of identity and entitlement to vote to be signed by the voter.

Contents of ballot paper

25. (1) Each ballot paper must contain the names of the candidates in the order determined by the Returning Officer in accordance with subclause (3).

(2) The ballot paper must be initialled by the Returning Officer or by a person appointed by the Returning Officer. A ballot paper stamped with a facsimile of the relevant initials is taken to be initialled in accordance with this subclause.

(3) The Returning Officer is to determine the order of candidates in following way:

- (a) the names of the candidates concerned are to be written on separate and similar slips of paper;
- (b) the slips are to be folded so as to prevent identification,
- (c) the slips are then to be mixed and drawn at random,
- (d) the candidates' names are to be listed in the order in which they are drawn.

Method of voting

26. (1) Each voter is to mark a vote on the ballot paper by placing the figure "1" in the square opposite the name of the candidate to whom the voter desires to give first preference.

(2) The voter may, but need not, place consecutive figures (commencing with the figure "2") in the squares opposite the names of any of the remaining candidates so as to indicate, by numerical sequence, the order of the voter's preference for them.

(3) The voter is to send or deliver to the Returning Officer the ballot paper enclosed (without anything else) and sealed in the envelope marked "Ballot Paper", which must be enclosed and sealed in another envelope addressed to the Returning Officer, with the form of declaration as to identity and entitlement to vote duly completed.

(4) All formal ballot papers received by the Returning Officer before the close of ballot are to be counted in the ballot.

(5) All envelopes received by the Returning Officer under this clause must remain unopened until the close of the ballot.

Informal ballot papers

27. (1) A ballot paper is informal if it has on it any mark or writing that, in the opinion of the Returning Officer, would enable any person to identify the voter.

(2) A ballot paper is informal if it is not initialled in accordance with clause 25 (2).

(3) A ballot paper is informal if:

(a) the sole figure "1" does not appear in the square opposite the name of one candidate, or

(b) that sole figure appears in more than one square.

Procedure on close of ballot

28. As soon as practicable after the close of ballot, the Returning Officer, in the presence of those of the scrutineers that choose to be present:

(a) is to open the envelopes addressed to the Returning Officer and received before the close of ballot, and

(b) if the declaration of identity and entitlement to vote is duly signed by a qualified voter, is to place the unopened envelope containing the ballot paper with other similar envelopes, and

(c) is to open the envelopes referred to in paragraph (b) and take out the ballot papers, and

(d) is to count the votes, and ascertain the result of the ballot, in the manner set out in Divisions 5 and 6.

Division 5 – Election to fill one position only

Definitions

29. In this Division:

"an absolute majority of votes" means a number of votes that is greater than one-half of the number of ballot papers counted.

"continuing candidate" means a candidate not already elected or excluded from the count.

Election to fill one position only to be determined in accordance with this Division

30. If a ballot has been held for the purpose of filling one position, the result of the ballot is to be determined in accordance with this Division.

Informal ballot papers to be rejected

31. (1) The Returning Officer is to reject any informal ballot papers and count the formal ballot papers.

(2) A reference in any other clause of this Division to a ballot paper is taken to be a reference to a formal ballot paper, and a reference to a vote is taken to be a reference to a vote in a formal ballot paper.

Candidate with absolute majority of votes elected

32. (1) The Returning Officer is to count the number of first preference votes for each candidate.

(2) The Returning Officer is to declare elected the candidate who has received the largest number of first preference votes, if that number constitutes an absolute majority of votes.

Procedure if no candidate has absolute majority of votes

33. (1) If no candidate has received an absolute majority of first preference votes, the candidate who has received the fewest first preference votes is to be excluded and each of the ballot papers counted to that candidate is to be counted to the continuing candidate next in order of the voter's preference.

(2) The Returning Officer is to declare elected any candidate who, on completion of the count under subclause (1), has received an absolute majority of votes.

(3) If 2 or more candidates have an equal number of votes at the time that it is necessary to exclude one of them, the candidate to be excluded is to be determined as follows:

(a) the names of the candidates concerned must be written on separate and similar slips of paper,

(b) the slips must be folded so as to prevent identification and mixed and drawn at random,

(c) the candidate whose name is first drawn must be excluded.

Process to continue until candidate elected

34. The process of excluding the candidate who has the fewest first preference votes and counting each of the ballot papers counted to that candidate to the continuing candidate next in order of the voter's preference is to be continued until:

(a) one continuing candidate has an absolute majority of votes, in which case the Returning Officer is to declare that candidate elected, or

(b) there are only 2 continuing candidates who do not have an equal number of votes, in which case the candidate with the larger number of votes is to be declared elected, even if the number of votes is below an absolute majority of votes, or

(c) there are only 2 continuing candidates who have an equal number of votes, in which case the candidate elected must be determined as follows:

(i) the names of the candidates concerned must be written on separate and similar slips of paper,

- (ii) the slips must be folded so as to prevent identification and mixed and drawn at random,
- (iii) the candidate whose name is first drawn is elected.

Division 6 – Election to fill more than one position

“**surplus votes**” means votes in excess of the quota.

Election to fill more than one position to be determined in accordance with this Division

36. If a ballot has been held for the purpose of filling more than one position, the result of the ballot must be determined in accordance with this Division.

Informal ballot papers to be rejected

37. (1) The Returning Officer is to reject any informal ballot papers.

(2) A reference in any other clause of this Division to a ballot paper is taken to be a reference to a formal ballot paper, and a reference to a vote is taken to be a reference to a vote in a formal ballot paper.

Determination of quota

38. The Returning Officer is to determine a quota by:

- (a) counting the number of first preference votes, and
- (b) dividing the total number of those votes by 1 more than the number of candidates required to be elected, and
- (c) increasing the quotient so obtained (disregarding any remainder) by 1.

Candidate who meets or exceeds quota elected

39. (1) The first preference votes for each candidate are to be counted.

(2) The Returning Officer is to declare elected each candidate who has received a number of first preference votes that is equal to or greater than the quota.

Procedure if further position to be filled

40. (1) If any further position remains to be filled, the surplus votes of each elected candidate are to be transferred to the continuing candidates as follows:

- (a) the transfer value of the surplus votes is to be ascertained by dividing the number of surplus votes of the elected candidate by the number of first preference votes received by that candidate,
- (b) the total number of ballot papers of the elected candidate showing the next available preference for a particular continuing candidate is to be multiplied by the transfer value,
- (c) the number so obtained (disregarding any fraction) is to be added to the number of first preference votes of the particular continuing candidate,
- (d) all those ballot papers are to be transferred to the particular continuing candidate.

(2) The Returning Officer is to declare elected each continuing candidate who, on the completion of the transfer, has received a number of votes equal to or greater than the quota.

Procedure if insufficient candidates have reached quota

41. (1) If, after the counting of first preference votes or the transfer of surplus votes (if any) of elected candidates, no candidate has (or fewer than the number of candidates required to be elected have) received a number of votes equal to or greater than the quota, the candidate who has the fewest first preference votes is to be excluded and the count is to proceed in accordance with this clause.

(2) All ballot papers showing a first preference vote for an excluded candidate and the next available preference for a particular continuing candidate are to be transferred, each ballot paper at a transfer value of 1, to the particular continuing candidate and added to the number of votes of the particular continuing candidate.

(3) Any ballot papers obtained by an excluded candidate by means of a transfer to that candidate are to be transferred (beginning with the ballot papers received by that candidate at the highest transfer value and ending with the ballot papers received at the lowest transfer value) as follows:

- (a) the total number of ballot papers received by the excluded candidate at a particular transfer value from a particular candidate and showing the next available preference for a particular continuing candidate are to be multiplied by that transfer value,
- (b) the number so obtained (disregarding any fraction) is to be added to the number of votes of the particular continuing candidate,
- (c) all those ballot papers are to be transferred to the particular continuing candidate.

(4) The Returning Officer is to declare elected each continuing candidate who, on the completion of the transfer, has received a number of votes equal to or greater than the quota.

(5) However, the surplus votes of the candidate so elected are not to be transferred until all the ballot papers of the excluded candidate have been transferred.

No transfer of surplus votes or ballot papers to continuing candidate who reaches or exceeds quota

42. If a continuing candidate has received a number of votes equal to or greater than the quota on the completion of the transfer of:

- (a) the surplus votes and ballot papers of an elected candidate, or
- (b) the ballot papers of an excluded candidate,

no surplus votes or ballot papers of any other candidate are to be transferred to the candidate so elected.

Transferred ballot papers of elected candidates taken to be first preferences

43. Each ballot paper of an elected candidate that was obtained by means of a transfer from a previously elected candidate or an excluded candidate is, for the purpose of the transfer of the surplus votes of the elected candidate, to be dealt with as if:

- (a) any vote it shows for the candidate concerned were a first preference vote, and
- (b) the name of any other candidate previously elected or excluded had not been on the ballot paper, and
- (c) the numbers indicating subsequent preferences had been altered accordingly.

Procedures to continue until positions filled

44. The procedure of transferring to the continuing candidates the surplus votes of elected candidates, and the procedure of excluding the candidates with the fewest first preference votes, are to continue in accordance with this Division until:

- (a) the number of continuing candidates is equal to the number of positions remaining to be filled, in which case the Returning Officer is to declare those candidates elected, or
- (b) there is only one position remaining to be filled and only 2 continuing candidates who do not have an equal number of votes, in which case the candidate with the larger number of votes is to be declared elected, even if the number of votes is below the quota, or
- (c) there is only one position remaining to be filled and only 2 continuing candidates who have an equal number of votes, in which case the candidate elected must be determined as follows:
 - (i) the names of the candidates concerned must be written on separate and similar slips of paper,
 - (ii) the slips must be folded so as to prevent identification and mixed and drawn at random,

University of New South Wales Rules 1999

These rules are made by Council under The University of New South Wales Act 1989 and in particular under Section 27 (the general power to make rules) and new Clause 57 of the By-law (the general power of Council to make rules).

Section 1 – The Council

Meetings and Rules of Procedure

1. The Council shall ordinarily meet on at least 6 occasions in each year, to be determined by the Council and on such other days as may be necessary for the despatch of business.
 2. The Chancellor or, in the absence of the Chancellor, the Deputy Chancellor or, in the absence of both, the Vice-Chancellor may call a special meeting of the Council to meet at any time in the interval between ordinary meetings.
 3. Upon the written request of any 5 members of the Council, the Chancellor, Deputy Chancellor or Vice-Chancellor or, in their absence, the Registrar shall convene a special meeting of the Council to be held within 14 days after the receipt of the request. The written request shall specify the matters which the 5 members wish the Council to consider.
 4. Any meeting of the Council may be adjourned to a later date.
 5. The Secretary to the Council shall transmit by post or deliver to each member of the Council a written or printed notice of meeting specifying the date of the next ensuing meeting of the Council and whether such meeting is an ordinary or special meeting, and such notice of meeting shall, so far as practicable, be posted or delivered 7 clear days prior to the date of the meeting. All matters to be considered at any meeting shall be stated in the said notice of meeting or in a supplementary notice of meeting which shall be transmitted by post or delivered to each member of the Council, so far as practicable, 3 clear days before the meeting. Where practicable, the said notice of meeting or supplementary notice of meeting shall be accompanied by supporting statements in sufficient detail to allow members the opportunity to consider the matters prior to the meeting.
 6. (a) At ordinary meetings, unless otherwise decided by the Council, no motion initiating any subject for discussion shall be made except in pursuance of a notice of motion given to the Secretary to the Council 10 clear days before the meeting of the Council at which the motion is to be moved.
(b) At special meetings, unless otherwise decided by the Council, no motion shall be made on any matters other than those listed in the notice of meeting or supplementary notice of meeting.
 7. If a quorum of the Council is not present within half an hour after the time appointed for any meeting, the members then present may appoint a convenient future day as the day on which the meeting shall be held. The day appointed may be the day of the next ordinary meeting of the Council but in any case shall be such as to enable the Secretary to the Council to give all members 7 clear days' notice of the meeting, in the usual way. Where the day appointed is the day of the next ordinary meeting of the Council, the business which was to have been dealt with at the meeting lacking a quorum shall take precedence over the business of the ordinary meeting of the Council.
 8. The minutes of any meeting of the Council which have not been approved as being a true record shall be circulated to members prior to the next ordinary meeting of the Council. Upon being approved as correct, such minutes shall be signed by the Presiding Member as being the true record.

2. (a) The Faculty Board shall be called at least twice each year, and at such additional times as may be required. The Faculty Board will consider the business on the agenda. Other business will be considered only if the Presiding Member and a majority of other members present and voting agree. The Agenda for the meeting of the Faculty Board will be established by the Presiding Member, Dean and Registrar (or Nominee).

(b) A special meeting of the Faculty Board will be called upon receipt by the Registrar of a request in writing from sufficient members to constitute a quorum.
